## Financial Support: General Definition of SME

According to the general SME definition stated in article 2 of the annex to Recommendation 2003/361 EC

“To count as an SME, your organisation must be engaged in an economic activity and must have:

- fewer than 250 employees and
- an annual turnover of no more than €50 million and/or a balance sheet of no more than €43 million

Whether you count as an SME may depend on how you count your workforce, turnover or balance sheet. Please note that you must take account of any relationships you have with other enterprises. Depending on the Category in which your enterprise fits, you may then need to add some, or all of the data.”

Please note that the information given in this presentation may be subject to changes.
